

CRA20001/CRA30005

## FLEXIBLE AND EFFECTIVE AIR FLOW MANAGEMENT

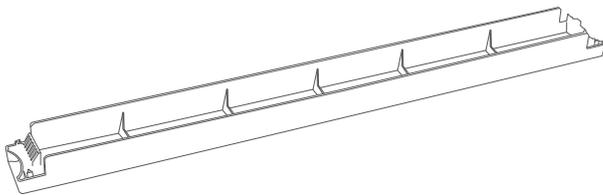

### Effective Air Flow Management to improve cooling efficiency, optimize air flow and prevent warm air recirculation

Ideal for racks, the Air Flow Management Series efficiently enhances ventilation, and keeps the rack structure neat and orderly. The optimal and effective air flow management improves the cooling efficiency and prevents recirculation of warm air. The products' standard toolless mounting make the installation easy and quick. The blanking panel kit keeps dust and dirt away from your rack equipment, which helps maintain stable operation.

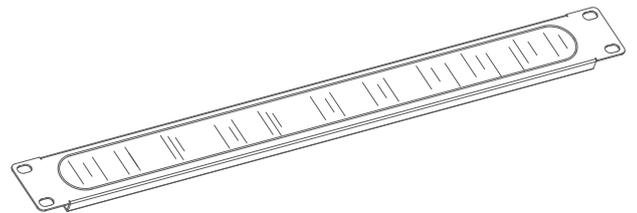

#### SERIES FEATURES

- Air Flow Management to Improve Cooling Efficiency
- Toolless Installation\*
- To Keep Cables Organized\*
- Installation Hardware Included\*
