

Dell Pro 14 Essential (PV14250/PV14255)

Dell Pro 14 Essential

Business-ready laptops with essential security and manageability features

Offerings may vary by region.

Dell Pro Business Features

Security

Protect sensitive data with a hardware TPM security chip, log in quickly and securely with a fingerprint reader, and prevent theft by anchoring your computer with the security lock slot (available on 14" only).

Operating System

Windows 11 Home simplifies everyday tasks with a user-friendly interface, while Windows 11 Pro enhances productivity with advanced security features and remote desktop access, perfect for managing your business efficiently.

Configurability

Accelerate your workflow with Smart Select, which provides pre-selected device configurations that are ready to ship quickly, ensuring your team gets the right tools without delay.

Support

Dell Support Assist detects and resolves issues proactively, while ProSupport offers 24/7 expert help. Extend coverage with the ProSupport 5-year maximum warranty for peace of mind against unexpected issues.

Manageability

With Autopilot and Microsoft Intune, streamline device setup by automating configuration and deployment, allowing your team to start working immediately with minimal IT. With Dell Management Portal you can manage Dell PCs, over the cloud in conjunction with Microsoft Intune.

Intelligent Software

Enhance system performance and security with Dell BIOS, while Dell Update ensures smooth operation by automatically updating critical fixes and drivers. Leverage Dell Optimizer's AI for application and power optimization, and use Excalibur OS for OS recovery support.

Proven Reliability

Enjoy peace of mind with Dell's high standards including military-grade testing for added reliability and durability.

Hardware

Choose an optional metal chassis for enhanced durability and a sleek look and ensure privacy with a camera shutter (available on metal chassis only).

Simplify IT

Basic security, manageability and serviceability for simple, reliable IT

SECURITY

Dell Pro hardware features minimize vulnerabilities, enhancing overall security resilience

HW TPM 2.0. Secure encryption for data protection. (Standard)

Fingerprint reader. Biometric access for enhanced security. (Optional)

Privacy shutter. Physical safeguard for camera privacy. (Optional)

Lock slot. Physical defense against device theft. (Available on Dell Pro 14 Essential only)

MANAGEABILITY

With the Dell Management Portal, you can:

view fleet information including device name and model, service tag

publish select applications¹ to your fleet, quickly

easily link to Dell Device Management Console, to manage your fleet of peripherals

all from the cloud.

Microsoft Autopilot simplifies and streamlines device deployment with effortless zero-touch configuration.

RELIABILITY

Proven testing for unmatched reliability in all environments.

MIL-STD-810H testing ensures reliability, durability, and performance in extreme conditions.

Among Small and Medium-Business IT decision makers, Dell scored significantly higher than industry peers on perceptions of having the best quality products.*

*Based on Illuminas research commissioned by Dell in March 2025. Results based on a survey of 2,004 laptop users, including consumers and SMB IT decision-makers. Participants evaluated leading laptop brands on quality, reliability, durability, and innovation. Ratings were collected using a 5-point scale and analyzed for statistical significance at the 90% and 95% confidence levels.

Committed to sustainability

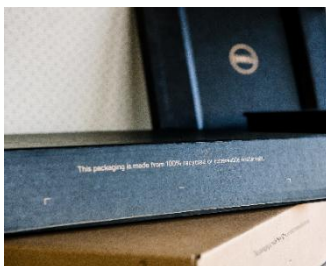

Design innovation

Dell Pro 14 Essential is designed with responsible materials including recycled and low emissions aluminum and recycled steel¹. To reduce our environmental impact further, we've developed a new method for creating the Dell logo on the top cover of our laptops, which significantly reduces the amount of plastic used.

Elevated standards

Dell Pro 14 Essential is ENERGY STAR® certified². It is EPEAT Silver registered with Climate+. With Climate+ this laptop has met environmental criteria that address climate change and reduce greenhouse gas emissions³.

Packaging innovation

Ships in packaging made with 100% recycled or renewable content that is also 100% recyclable⁴.

Seamlessly transition from old to new technology

When you're ready to retire your device, we'll help you responsibly and securely do so regardless of brand. [Learn More](#).

¹ Based on internal analysis, June 2025. Dell Pro 14 Essential plastic includes 50% recycled aluminum and 50% low emissions aluminum in the thermal plate within the plastic enclosure and 15% recycled steel in the internal part of the palm rest. Dell SE 14 metal includes 50% recycled aluminum and 50% low emissions aluminum in the top cover and thermal plate.

² Contains up to 95% recycled content and 5% renewable content in the form of sustainably forested materials. Excludes optional items added to order and included in box.

³ Based on internal analysis, June 2025.

⁴ Based on internal analysis, June 2025. Based on EPEAT Climate + Designations. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.

Recommended Accessories

Dell Pro 27 Monitor - E2725HM

Get the essentials to enhance productivity with this 27-inch fixed-stand monitor certified by TÜV Rheinland® for 3-star eye comfort.

Dell Pro Compact Silent Keyboard and Mouse - KM555

Work quietly in any space with a compact, silent keyboard and mouse combo that connects seamlessly with dual-mode connectivity.

Dell Pro Wireless Headset - WL3024

Experience uninterrupted communication with this wireless headset featuring an AI-based noise cancellation microphone, designed with productivity and comfort in mind for all-day conferencing.

Dell Webcam - WB3023

Collaborate confidently with this 2K QHD webcam that's essential for everyday use.

Dell 14-16 EcoLoop Backpack - CP3724

A sustainably made, everyday backpack with a large, full-access front opening and protection features that shield your laptop and essentials.

Dell Pro Mouse - MS300

Enhance productivity with this expertly designed mouse, powered by one of the industry's leading battery lives of up to 36 months.

Ports & Slots
